Shucks, corn, gaiety and winners. That's the promise of the first annual Hondo Championship Corn Shucking Bee which will provide fun and entertainment for the

public on the evening of Saturday, August 25.

Action in this "one-of-a-kind" contest in all of Texas is to begin at 7:30 p.m. August 25 on the

Courthouse Square in Hondo. And before the evening of fun is over champion corn shuckers will be crowned in three divisions: men, women and youth under 17, with

each winner receiving a \$25 cash prize.

All part of "bigger things", the Corn Shucking Bee is being sponsored by the Hondo Chamber

of Commerce to tie in with the gigantic Texas Folklife Festival slated in San Antonio September 6-9.

Lending a helping hand to the Chamber in running off the contest will be Hondo 4-H Club adult leaders and members and County Extension Agents Glenn Bragg, Wayne Scholtz and Gaye Bippert.

A look at the rules will prove the fun, suspense and excitement is there. It will be a timed event with the following rules being observed by all contestants:

Men will have 10 ears of corn, women and young people will have six; all corn will be shucked and shucks placed in a designated burlap sack; corn will be shelled in a jar and all corn that falls to the floor must be picked up by hand and put inside the jar; and clean cobs will be stacked in a prescribed manner.

And the one who finishes all of this in the shortest length of time is the Hondo Champion Corn Shucker in his or her division.

Entry fee is \$1.00 with proceeds going toward the cash prizes and defraying contest expenses. The contest is open to everyone and those who wish to enter should file their name and entry fee at the Hondo Chamber of Commerce, Hondo Anvil Herald or the County Extension office. Deadline for entering is 9 a.m. on August 22.

County Judge Jerome Decker and County Commissioner Fred Bader, both official Folklife Festival Ambassadors, will be on hand to compete.

Other contestants who have already said they are going to prove "they are the best darn corn shuckers around" include: Gene Harrison, Burnis Lawrence, Richard Finger, Lupe Alvarez, Glenn Bragg, Tony Mendoza, John Wentz, David McGraw and Darwin Schrader.

And women! Three local members of the fairer sex have placed their names on the dotted line. Come on and challenge Mrs. Glenn (Jo Lynn) Bragg, Mrs. Fred (Snookie) Bader and Mrs. Gaye Bippert.

That's Not All!

Picking the Hondo winners is just the beginning of the fun. Daily winners will be picked at the Texas Folklife Festival on September 6-7-8. And then on Sunday, September 9, at a designated time these winners will challenge the Hondo Champions before a crowd of spectators.

"This could be a lot of fun," said Folklife Festival Director O. T. Baker. "And it could mean plenty of recognition for the city of Hondo and its champion Corn Shuckers."

Woman is injured

A spectacular two-car accident involving a Devine woman occurred early Tuesday morning about 8:30 near the junction of Hwy. 90 and Hwy. 173.

Mary Cuellar of 330 Sollack, Devine, was traveling north on Hwy. 173, when she apparently hit broadside an eastbound auto on Hwy. 90.

She was thrown from her vehicle, and complained of back injuries as she was rushed to Medina Memorial Hospital.

The second driver was identified as Don Weston Alspaugh of 724 Skyline, Uvalde. He was not injured in the mishap.

BACK HOME

... in East Texas they sure have come a long way in transportation. In my heyday in Sabine County, the mule and haybarns ruled the conveyance roost.

But I noticed in the Texas Aeronautics Commission TAC Bulletin that the jet age has even invaded the sleepy pine tree country. My old county is planning a longer runway to accommodate business jets arriving with people who want to fish in Toledo Bend Lake.

Why, I remember as late as the end of World War II that part of the country was so far back in the sticks you had to pipe in sunshine and swing in the last few miles by grapevine. But tain't so any more; those jet jockies sure don't have to worry about someone cutting the grapevine and thus causing them to walk.

CORN SHUCKING BEES

... used to be a fun part of my old stomping grounds. In fact, I was almost 18 years old before I ever got to go anywhere other than a corn shucking, a candy pulling or a county fair.

And, boy were they fun!

Which leads me perfectly into the venture we will try in Hondo on the evening of Saturday, August 25.

Yep, you guessed it--the first annual Hondo Corn Shucking Bee. Oh, we're going to have plenty of fun as can be seen by all the poop contained in the official story on page one this week.

The only other thing I can say is: "Ya'll come and have the best time of your lives. Heah now?"

WILL RURAL TEXAS

... ever get a proper amount of attention from State and Federal government?

That's a question many are asking. And the answer could mean the difference between continuing decay or rejuvenation of the cities.

Urban problems have been multiplied by the influx of millions of rural residents seeking jobs, entertainment or what-have-you. These problems could show a tremendous decrease if Rural Development would be pushed to the point where people could make a living in the small towns. They would (and really are doing so now at a rapid rate) head for the country like a swarm of bees.

The Texas Rural Development Commission is one step in the right direction. It was established by an executive order of the Governor and will submit its final report to Gov. Briscoe in October 1973.

Several key recommendations were made in the Commission's interim report: establishment of a Rural Development Committee in each house of the Texas Legislature, establishment of a permanent Rural Development Agency in the Governor's office, development of incentive programs to encourage physicians to locate in rural areas, adoption of financial incentives to stimulate industrial and economic development in rural areas, development of vocational training programs for rural residents and added emphasis on development of rural area recreational facilities.

If such recommendations were carried to fruition, I think Director Roy Davis's comment would be absolutely correct: "I am convinced that we can stop rural economic and population decline and make our small towns and countryside good places to live and earn a living."

WE'RE SORRY

... to see Congressman Abraham (Chick) Kazen lose this portion of Medina County. Re-districting has lopped all of Medina County west of the Medina River off Kazen's 23rd District.

It means that Congressman O. C. Fisher will represent the western half of our county along with all the other counties he has in the 21st District.

Like the man who watched his mother-in-law run over the cliff into the ocean in his new Cadillac, I have mixed emotions about this change. Congressman Fisher does an excellent job, but at the same time I hate to see us lose Chick Kazen.

However, there is a question mark in the exchange, for this probably is Fisher's final term in office. He already has indicated he will not run for office again, and that was before he underwent heart surgery.

So, we don't know what kind of representative we might get. One thing certain, whoever it is will lack the seniority enjoyed by both Kazen and Fisher and cannot begin to speak with the experience of either of these veteran lawmakers.

Youth Rodeo action to thrill spectators here Friday, Saturday nites

It looks as if the Youth Rodeo tomorrow and Saturday nights at the Medina County Arena here in Hondo, will be a huge success for the young cowboys and cowgirls.

Action will begin at 8 p.m. both nights at the arena.

Rodeo official Peggy Heyen says that over 100, possibly 125 entries are expected in the two-day rodeo. Contestants from six to nineteen years old will be competing in such

events as ribbon roping, breakaway roping, barrel racing, and bull riding before the eyes of parents and onlookers at the arena.

Foy boys 14-19 years of age, bull riding, tiedown roping, and ribbon roping are open. Girls 14-19 will enter ribbon running, pole bending, and cloverleaf barrels.

Boys 6-13 may enter steer riding, breakaway roping, and ribbon roping. Girls of the same age group

A SMILING INVITATION--is offered by Janet Wilson and JoAnne Coffey to the Medina County Youth Rodeo, to be held Friday and Saturday nights at the Medina County Arena in Hondo.

will enter cloverleaf barrels and ribbon running. Both sexes of this group may enter pole bending.

In addition, girls' breakaway roping will be open to girls of all ages.

A nightly calf scramble will be held with no entry fee being charged. Fees for other events, for which the deadline passed Tuesday, ranged from \$3 to \$10 per event.

Prizes offered this year will bring out the youngsters' best efforts. A \$50 belt buckle will be awarded to first place winners in each event. Prizes through fifth place will be awarded, with over \$1,500 in prizes to be given away.

The major rules for entry are that any contestant must have been enrolled in elementary or high school during this past school year. Also, no married person may compete.

Admission for the rodeo will be \$1.50 for adults and 50 cents for children under 16 years of age. All tickets will be sold at the gate.

At the well-stocked concession stand on the arena grounds will be chili, sandwiches, cold drinks, candy and bubble gum.

It's a good night's entertainment and it's for a very worthy cause, so be sure to see the Medina County Youth Rodeo, beginning tomorrow night at 8 p.m.

Eye screening tests planned by HD Club

Visual Screening Tests for children entering the first grade in Hondo are planning as a project this year, members of the Hondo Home Demonstration Club announced Tuesday.

Youngsters will be screened for visual problems on August 9 between 9:30 and 11:30 a.m. at the Educational Building of the United Methodist Church in Hondo. Screeners will be volunteer HD members trained by the Society for the Prevention of Blindness.

Sponsored by the Society for the Prevention of Blindness, the program is designed to detect signs of possible vision defects in children at an age when they still can be corrected with best results.

"Some childhood eye defects," a spokesman said, "can lead to permanent loss of vision in the affected eye if not corrected before the age of six. That is why club members urge all parents to bring

their eligible children to the free screening program."

Volunteer teams will check the visual acuity by means of the Snellen "E" chart. If the results give evidence of a vision problem, the child will be "referred." This means the parents are notified in writing of the child's need for a complete, professional eye examination.

The project in Hondo is the latest in a network of such programs being carried out across Texas in cooperation with the Society.

"The program will screen only those children who will enter the first grade this September for the 1973-74 year," a club spokesman said. "Children must be accompanied by one adult. So, don't forget, the date is August 9, the time is from 9:30 a.m. to 11:30 a.m. and the place is the Educational Building of the Methodist Church."

4-H girls win big

Medina Co. Extension Agent

Medina County contestants walked away with top honors at the District 13 Dress Revue held at Joske's in San Antonio on Tuesday.

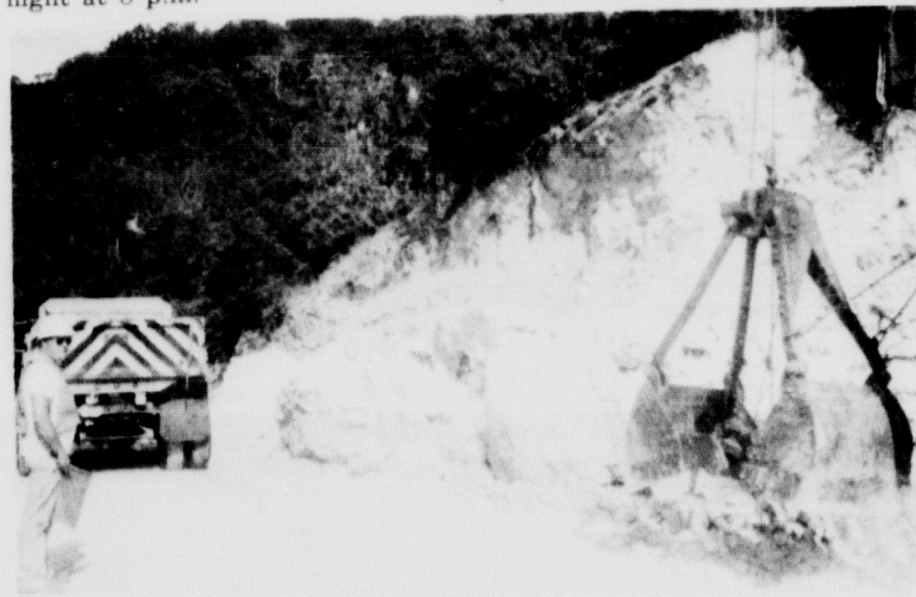

Lynda Howard, daughter of Mr. and Mrs. Jerry Howard of Devine, will represent District 13 at the State 4-H Dress Revue which will be held at Dallas on October 5 and 6. Lynda will be a freshman at Southwest Texas State University in San Marcos this fall. She has served as a State 4-H Council member, District 13 Council Vice-Chairman, and Medina County Council Co-Chairman during the

past year. She is a member of West Devine 4-H Club.

Tammy Rodgers, tied for first place in the Pre-Teen division. Tammy is a member of the Castroville 4-H Club and has participated in Dress Revue for 2 years. She also has a Swine Project.

Vicky Gilliam, South Hondo Unit 1 Club, is the daughter of Mr. and Mrs. Ralph Gilliam and placed second in the Junior Teen Division. Vicky participated in the District Food Show this year and will serve as Co-Chairman of her 4-H Club this year.

Mrs. Floyd Saathoff, Hondo 4-H Clothing Leader, judged in the District competition.

MASSIVE ROCKSLIDE--The road between Tarpley and Utopia was buried four feet deep in rock at a point near the headwaters of the Seco Creek after heavy rains last week. A wrecking ball was needed to break some of the boulders,

which weighed up to 20,000 pounds, so that the road could be cleared. Here a power shovel prepares to load a dump truck, which barely fits in the narrow lane of cleared road.

Letters from the mailbox

Dear Burns,
Thanks indeed for sending me the June 28th edition of The Anvil Herald! It was certainly good to hear from you, and I very much appreciated the chance to read your comments about the school we enjoyed together down at Maxwell. I'm also sure that all of us are flattered that you would publish our "mug shot" in the paper!

It appears from reading The Anvil Herald that the activities, functions and local news events in the Hondo area are quite similar to those that the weekly papers in our area also report. We are of course in the trade area of the very large Indianapolis Star, and also have a daily (except Sunday) local newspaper here in Lebanon. However, several of the communities in the nearby areas have weekly newspapers, similar to The Anvil Herald, which cover the local scene in their trade area, as apparently you do for Hondo. We use the services of one of the local area weekly newspapers for our legal notices, just as the Devine Independent School District did in your June 28th issue.

Assuming that it is okay with you that I do so, I'll take my copy of The Anvil Herald down and share it with our local newspaper editor, who is a friend of mine, and who I know will enjoy catching the work of a fellow professional from as far away as Hondo.

Thanks again for sending the paper along, and thanks on a personal note

for being a good friend while we shared the school together in June.

Sincerely,

Mr. Burnis K. Lawrence,
President
Hondo Chamber of Commerce

Dear Mr. Lawrence:
The Texas Manufacturers Association (TMA) congratulates you, your chamber and your city for the successful observance of Texas Industrial Week. Support such as this gives industry a well-deserved salute.

Enclosed you will find TMA's Award of Merit, presented to your chamber for its successful promotion. It is symbolic of a job well done.

Again, congratulations. Your interest is important, and TMA looks forward to working with you in the future to build a better climate for business and industry in Texas.

Sincerely,
William M. Lawrence
Director of Communications

Dear Sir:
I wanted to tell you how much I appreciate your handling THE TEXAS COURTHOUSE and HISTORIC SITES OF TEXAS.

I have a novel coming out in a few weeks, the title of which is DAVE'S TUNE, and I would be grateful for your support on this one too. It is set in a North Texas town during World War II. I

sure hope it will be of interest to you.

G.L.A. Press will bring it out and Mr. Harold Torbert will be handling this book as well as THE TEXAS COURTHOUSE and HISTORIC SITES OF TEXAS.

With kindest regards, I am

Sincerely,
June R. Welch

[Editor's Note: The Anvil Herald does have Mr. Welch's TEXAS COURTHOUSE and HISTORIC SITES OF TEXAS. The Courthouse book costs \$12.50 plus tax and postage if mailed and the Historic Sites are \$10.95 plus tax. We have some on hand.]

Dear Mr. Lawrence:
You sound like a man who is interested in doing something for his community. I appreciate being able to work with such a person.

Last year we started late and got Glenn Bragg and his 4-H clubs to put on a corn shucking and shelling bee.

I'd like to invite you and Glenn to come see me together some evening and let us examine the possibility of an annual corn shucking bee for Hondo. This could evolve into a community development program that would give you more public attention than your famous sign board ever could. With good leadership (you ought to be able to provide that) this could be established as a fun event which would be worth a lot to Hondo.

If we can do a proper job of getting ready, the

entry of your people in the Texas Folklife Festival could be parlayed into a big healthy push for your city.

Give me a ring before you come in because I am moving pretty fast these days. Glenn came in this Monday and I was in Kerrville helping with the Texas Art and Craft Fair.

Sincerely yours,
O. T. Baker
Festival Manager

[Editor's Note: Glenn Bragg and I met with Mr. Baker Thursday of last week and the results can be read on the front page of this week's Anvil Herald. We invite everyone to come join in the fun and do a little corn shucking.]

Dear Mr. Lawrence:
As you know our St. Louis Day Celebration is just around the corner. This year's picnic date has been set for August 19.

I plan to stop by and see you personally concerning the celebration publicity and advertising in your fine newspaper.

Until then, I've enclosed a release and some photos that could be used at the present time.

We certainly appreciate everything you and the Anvil-Herald have done to publicize our celebration in past years and hope we can continue to work together for many more years to come.

Incidentally, the publicity you gave us on the restoration and rededication of St. Louis Church was tremendous! Thanks a million.

I'll be seeing you very shortly.

Sincerely yours,
Gerry Kempf, Publicity

to revise the Constitution, and the people will vote on the finished product after the legislature, sitting as a Constitutional Convention, acts next year.

The Commission has held 19 public hearings throughout the state in an effort to hear citizens' suggestions on the content of a revised Constitution. The Commission at that time established a Citizen Advisory Committee in each city where a hearing was held. This is another part of the effort to keep informed on grass roots opinion.

Commission deliberations are completely public. We feel it is essential that the public be informed about each step in the revision process.

We mailed letters to: C.

But, lo-and-behold, all of us like it. Even me.

There is nothing that irks me more than for an organization-usually one which its spokesman introduces by saying: "We're a non-profit . . ." to come by and ask the Anvil Herald for a handout in publicity and money, and then me discover that any printing they needed done they took somewhere else.

Oh, yes, a few of them do it all the time. And the reasons they give are out of this world: "We could get it cheaper" [and they haven't even checked the price here before they drive to either San Antonio or LaCoste to get the job done and then back again to pick it up;" "why we just forgot you do printing." And others that to me sound just as disgusting when I catch them in the act.

So knowing me, no one will be surprised to know that at times I bow my neck and get stubborn on "giving anything away."

The Anvil Herald is here to help the community and all the happenings that make up the community. And I don't mind bragging that I think we do a darn fine job.

But, remember, we like to have our "back scratched" just as much as any politician who ever got elected.

CONSTITUTIONAL REVISION

Commission members Friday will hold a briefing session for Texas newsmen and broadcasters at which they will discuss the status of this historic effort to this time.

Patricia and I are looking forward to being in Austin to hear that report. It should be fascinating.

The Commission has entered the decision-making stage of its program. The result will be a November 1 report to the Texas Legislature. Then in January, 1974 the Legislature will meet as a Constitutional Convention to act on that report. After this the revised document will be submitted to the people for their approval in an election.

In 1972 voters approved Amendment Four which authorized revision of the 97-year-old Constitution and provided a procedure for doing so.

This marked the first time since 1876 that Texas voters have agreed to look hard at the framework of their state's government. The last, and only other, call to a Constitutional Convention was overwhelmingly rejected by the voters in 1919.

After study and re-writing procedures in the first part of 1974, the Constitution Convention, by a vote of two-thirds of its members, may submit to the voters a new Constitution, which may contain alternative articles or sections or it may submit a revision of the existing Constitution.

Rumbles from the Capitol are that the new document will never "pass muster". They say it will experience much, and maybe fatal, difficulty in the Convention, and if it comes out of there the people will refuse to accept it.

I don't know what will happen. But I do know I hope to hear the Commission's presentation tomorrow night [Friday] in Austin.

Outdoor classrooms proposed by SCS

Dead! Yes, we would all perish if it were not for green plants converting the sun's energy into a form that we could use.

The realization that our very life depends upon continued plant production exemplifies the importance of understanding plants. What better way is there to learn about plants than to study them in the out-of-doors? "Mother Nature" knows about plants and we can learn by observing her arrangement

in nature. The Soil Conservation Service assists groups and organization who are interested in learning more about the wonders of nature. SCS personnel can establish a nature trail and identify plants along the path which can serve as an outdoor classroom to relate the wonders of nature to eager young minds. For further information on an outdoor classroom for your group, contact your local Soil Conservation Service Field Office.

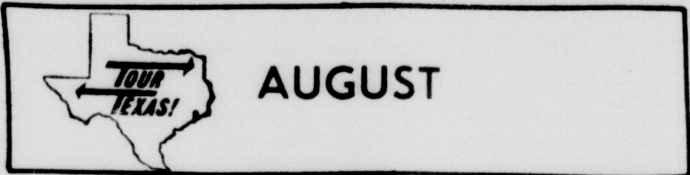

OUTDOOR CLASSROOM--Darwin Schrader of the Soil Conservation Service identified native plants and listed their uses for camp fire girl counselors at Camp Mary Louise.

Local Highway Patrolmen 'on the spot' last week

Hondo DPS Highway Patrolmen Wesley Scott and Donald Campsey were on the scene to arrest accused murder Leonard Wilson Freeman near Natalia on Thursday. Freeman is currently being held in lieu of \$1.5 million bond in connection with crimes including the double murder of Atascosa County Deputy Luis Garza and his wife, Elida. Patrolmen Scott and Campsey were on patrol in the area when they were notified of the murder of the couple near Charlotte. Given a description of the automobile the killer was driving, the two officers were assigned to cover Interstate 35 in case he headed toward San Antonio. An auto answering the description of the wanted car was stopped by the two men on the highway as another DPS auto drove up and a DPS helicopter hovered overhead. The suspect, identified as Leonard Wilson Freeman, 28, surrendered without a struggle and was taken into custody. The incident had begun early Thursday morning as Deputy Garza and his wife, returning from grocery shopping in Pleasanton, were almost struck by a pickup truck. Garza, driving a patrol car at the time, gave pursuit and stopped the truck on Highway 59, just inside Charlotte. Ticketed for having no driver's license in his possession, the man produced a gun

and forced Garza and his wife to an abandoned farmhouse, where he left them mortally wounded with gunshot wounds in the head. Witnesses led police to the farmhouse, where Garza was found to be alive but unconscious. His wife was already dead when they arrived. Garza died shortly before 6 p.m. after being rushed to Santa Rosa Hospital in San Antonio. Meanwhile, the killer had left the scene afoot, burglarizing two homes and terrorizing a family of four, the Otto Manns of Charlotte, in the second house. There he stole the Mann auto and escaped alone after first threatening to take as a hostage the Manns' 13-year-old daughter. Officers, who had blocked roads toward Mexico and San Antonio, identified Freeman's vehicle as fitting the description of the Mann auto, and arrested him. Inside the car was a carbine belonging to Garza, and Freeman had Garza's pistol in his possession. Two other men were arrested in San Antonio by FBI officers and charged along with Freeman with conspiracy to rob the bank at Cotulla. An automobile with no license plates was found in Atascosa County, and hidden in a nearby creek was a cache of guns. Reportedly, these were to be used in the alleged planned Cotulla robbery.

IRS News

A recent IRS ruling will help smooth the touchy problem among divorced parents over who should get the income tax exemption for their dependents. The new ruling, styled Revised Ruling 73-175, sets up more rigid guidelines on who gets the dependent. The Custodial parent (usually the ex-wife) gets the break. However, in another area, the non-custodial parent gets a break. The custodial parent, if the ex-wife, may use her new husband's contribution to the support of the children as her own in computing who contributed more than 50% of the total annual support of the dependent. Previously, she could not. New also, the non-custodial parent (usually the ex-husband) gets the dependent if he contributes \$600 for each child and, most importantly, has a written agreement either in the divorce decree or by other written agreement. The IRS did away with the old rule that if the new husband contributed more than 50%, the above did not apply.

With the new ruling, if there is a written agreement and the non-custodial parent contributed \$600 or more per child, he gets the exemption regardless. A divorced parent who did not claim a dependency exemption in prior years, but would be entitled to do so under this new ruling, may file amended returns and take the exemption for open years, 1970, 71 and 72. This is true even though the other parent had claimed the exemption for

those years under the old ruling. The new revenue ruling will be applied without retroactive effect to taxable years ending on or before April 16, 1973, to the extent that it produces adverse tax effects. Thus, where a taxpayer took a dependency allowance in accordance with Rev. Rul. 71-19, no adjustment will be required in his tax liability for taxable years ending on or before April 16, 1973.

If my heart's not in the Highlands a-chasing Robert Burns' deer this beautiful summer day, it might well be retracing a recent trip I made along the highway that slices through one of the "mountains" in the Vanderpool area, close to the Kerr-Bandera County line.

Five of us-girls were almost [but not quite] speechless as we viewed the scenery from atop the highest point and shared a picnic lunch spread on the tables in the almost-new rest area which our TSHD provides for the enjoyment of tourists.

En route, we saw perhaps 20 or more deer enjoying their morning grass-break. Birdsong filled the air and, from a nearby pasture, I identified the sound as "When the moo-oo come over the mountain" complete with a junior bovine choral accompaniment.

A day to be remembered, with special appreciation to our Highway Dept. for providing the lovely setting . . . and "sitting".

Although state law requires that all cattle brands in Texas be registered by counties, between ten and 30 percent are not registered.

So claim committee members now at work on the possibility of working out a statewide system of animal branding.

The history of Texas cattle brands makes good reading. It was a favorite subject for high school themes in the 'teens. One of my prized possessions now is Xerox copy of a "Marks & Brands" registration, issued to my maternal grandfather, Charles Roach, by the County Clerk of Cameron County, and dated 15th day of March, A.D. 1861.

Other registrations, in Duval and Hidalgo Counties, are dated 1867 and 1883.

Wonder what the cattlemen of those days would think about the current market trends?

Pretty smiles would accent a pretty wardrobe any day. No wonder Medina County's three pretty girls, LYNDIA HOWARD, VICKY GILLIAM and TAMMY RODGERS won, hands down and smiles up, in the Senior, Junior and Pre-Teen Divisions of the July 24th 4-H Dress Revue.

Whether they sat on cushions, I wouldn't know, but they must have learned how to "sew a fine seam" to have rated top honors.

For months we have been "courting" humming birds with the recommended red syrup concoction in a hanging glass jar, but without attracting a single sipper.

A few evenings ago, it was a delightful surprise to find a visiting delegation all a-flutter with heads buried deep in the centers of the dozens of moon flowers that cover our patio roof.

Now they have standing reservations for their evening cocktail hour.

With the railroads courting passenger traffic for a return to the old days of lucrative revenue, Mustang Island is entering the field of competitors.

Recent heavy rains have provided an ideal growing season for "railroad vines" which cover the sand dunes almost peak-to-peak.

They make a pretty sight, are picture targets for touring cameras, and can trip footsteps unless eyes are engaged on scout duty before accelerating speed on a beach stroll.

Scientific name for the RR vines is Ipomoea pre-caprae, which is enough to make any body stumble and fall flat!

For generosity, bigness of heart, cheerfulness of spirit, and willingness to serve in any way she can, I give you IRIS BADER.

On second thought I won't "give" her but I willingly share her friendship with the friends who know her best and appreciate her for being "Just Iris", as she says.

Iris has many handicrafts as hobbies. I selected one of her rag dolls as a gift for a little neighbor who is eight months old. Chris and her new friend are almost inseparable and the doll's old fashioned sun bonnet spends equal time on the head of "Mommie" and Baby.

The rains which seem to have been working over time in "your" area have by-passed the coast. Might be something to the St. Swithin's Day tradition after all. July 15 was hot, sunny, and not a cloud in sight here.

A former government meteorologist, now 89, served as head of the local Weather Service for 36 years before his retirement. He says that July has always been our quietest month for tropical storms but that August and September are "another story."

He and a local veteran oceanographer claim that the 7-to-10 day period after the new moon is the prime time for storms to build.

I am sending Doc Taylor the story about this I-told-you-so angle for comparison with his crystal ball gazing sessions in Medina County.

LEROY FASELER, Yancey, appeared knee-deep in an a-MAIZE-ing picture in the 7/12 Anvil Herald.

Forecast of the 1973 crop in Medina County potential sounded mighty promising and I hope the growers will smile all the way to their banks with the estimated \$4 million gross income -- or whatever portion of it makes it to the bank. There are always the "deducts" clamoring for attention.

Coastal Bend farmers are keeping faith but some very wet grain is reported. Early planting, cold weather and excessive moisture have reduced yields say the area co-ops.

Agricultural sources say the farmers losses could run as high as \$10 to \$15 million even if current deteriorating conditions improve.

Beverly Cook-Sam Bybee wed in Uvalde

Miss Beverly Jean Cook and Sam Alan Bybee were united in marriage Saturday evening, July 14th, at 8:00 p.m. at the First United Methodist Church in Uvalde, Dr. Floyd Hill, Hondo, officiated at the double ring ceremony.

Parents of the newlyweds are Mr. and Mrs. Richard E. Cook, Albuquerque, New Mexico, and Mr. and Mrs. Paul W. Bybee, Hondo.

A large basket of white mums and gladiolus, flanked by four tiered candelabra and clusters of magnolia leaves, formed the background for the candlelight ceremony. "Whither Thou Goest" and "Wedding Prayer" were sung by Mrs. Terry Duraso, Lubbock, accompanied by the organist, Mrs. Bill Dillahunt, Uvalde.

Given in marriage by her father, the bride wore a gown of candlelight organza over taffeta, with empire waist accented with imported lace roses outlined with seed pearls and crystal beads. The long sheer sleeves ended with tapered beaded cuffs. The hemline, as well as the high neck, was also outlined with lace and pearls, and extended to a chapel train. Her headpiece was a camelot of lace with delicate pearl trim with a shoulder length veil of silk illusion. The bride carried a bouquet of pink roses and baby breath

atop a family heirloom Bible belonging to her grandmother, Mrs. Victor Cook, Guilford, Maine. She wore pearl earrings, a gift of the groom, and an heirloom drop of tiny seed pearls encircling a single diamond.

Attending the bride as matron of honor was Mrs. Larry Bybee, Helotes, sister-in-law of the groom. Bridesmaids were Miss Ann Hobdy, Irving; Mrs. J. W. Rouse, Victoria; and Mrs. John Butler, Lubbock. They wore sleeveless floor length gowns of pink floral sheer cotton, pinaflore design and carried bouquets of long stem pink carnations and roses. Serving the groom as best man was his brother, Larry Bybee, Helotes. Groomsmen were Walt Rothe, Bobby Hartung and Hal Brown, Austin. Ushers included Rothe Cox, Uvalde and Garland Wiemers, Columbus.

Following the wedding ceremony the bride's parents hosted a reception in the church Fellowship Hall. Guests were registered by Mrs. Jack Lee, Vinita, Okla., cousin of the bride. A silver candelabra with pink carnations, roses and baby breath centered the bride's table where Mrs. Jimmy Lester, Lubbock, aunt of the bride; Miss Sharon Arlitt, Luckenbach; and Mrs. Jack Scott, Uvalde, served. The tiered wedding cake was circled at the base with

fresh flowers in shades of pink and topped with a miniature bridal bouquet of pink roses and baby breath.

Miss Sally Yaryan, Austin, and Mrs. Judy Withrow, Uvalde, served coffee and chocolate cake at the groom's table which was adorned with a single silver candelabra entwined with red roses.

Miss Tina Lester, Lubbock, cousin of the bride, and Miss Jill Hawkes, Uvalde, presented rice bags and wedding scrolls to each of the guests.

Other than Hondo and Uvalde, guests attended from Lubbock, Austin, San Antonio, Victoria, Columbus, Fort Worth, Dallas, Tulsa, and Vinita, Okla.

For her traveling attire the bride chose a navy blue and white ensemble with white accessories and a corsage of pink rosebuds.

Following their wedding trip to Acapulco, Mexico, the couple will reside at 832 Airline Drive, Uvalde, where the groom is an engineer with the State Highway Department. He is a graduate of Hondo High School and the University of Texas at Austin. The bride graduated from Amarillo Tascosa High School and Texas Tech University and is presently teaching in Uvalde.

Rehearsal Dinner
A rehearsal dinner for

members of the Bybee-Cook wedding party was hosted by the groom's parents, Mr. and Mrs. Paul Bybee at the Uvalde Country Club Friday evening, July 13th. The tables were decorated with champagne pink candles and ivy and centered with an arrangement of carnations and gladiolus in shades of pink.

Brunch
Miss Cook and her mother, Mrs. Richard Cook, entertained the bridesmaids with a brunch at the Town House Restaurant, Uvalde, Saturday morning, July 14th.

Other Courtesies
Other courtesies included a get-acquainted tea on June 29th at the home of Dr. and Mrs. R. W. Landers, with hostesses Mrs. Landers, Mrs. F. D. Garrison and Mrs. N. C. Johnson.

The young couple was honored with a "Pounding" on Sunday evening, July 1st, at the Royal Oaks Cabana, Uvalde, hosted by Mrs. Jeanne Franklin, Mrs. Elaine Kretschmar, and Mr. Rothe Cox.

CORRECTION

In the obituary of Mrs. Anna Wunderlich published last Thursday, the Anvil Herald failed to mention that funeral services for her were held July 12, 1973, at Beckman Funeral Home, Fredericksburg, with Rev. A. M. Hannemann of St. Paul's Lutheran Church, Hondo, officiating.

Interment was in the City Cemetery, Fredericksburg.

The Anvil Herald regrets the oversight.

Lions Club plans new image in coming year

An ambitious program has been planned for the coming year by the Hondo Lions Club Board of Directors, and they will take it to the membership for approval.

Under the direction of President Bill Green, directors approved the following at a Monday noon meeting:

- * An extra Ladies Night during the year. Right now the Installation of Officers marks the only such night. Proposed plans call for an annual informal picnic type night to which the ladies will be invited.

- * Added emphasis on publicity of Lions Club activities.

- * Coordination with the City of Hondo to see if Lions can help with playgrounds, park improvements and other areas. Study will also be given to the possibility of building a fence around the cemetery to help cut down on destruction and theft by vandals.

- * Membership will be promoted by writing letters to businesses and industries urging them to have a representative in the club--individual members inviting prospective members to meetings--writing letters to newcomers inviting them to a free meal and a club meeting.

- * Improved and better publicized programs.

STUDY OR ELSE--Baylor University's curriculum catalog is the secret to planning a successful semester for the high school seniors participating in the university's Advanced Studies Program. Dr. Joseph West, director of Institutional Research and Testing, interprets the catalog for Ladelle Been (left) of Hondo and Kim Fallwell of Bastrop. The two young women are among 22 students participating in the Baylor program this summer. Miss Been is the daughter of Mr. and Mrs. Autry Been of Yancey Star Route, Hondo. "I've studied more here than I have in my life," Ladelle said. "I was afraid I couldn't do as well as other kids, but it's not all that hard. You learn to study or you don't make it."

Ag teachers go to workshop

Area vocational agriculture teachers have completed a two-day non-credit workshop at Texas A&I University in Kingsville, "Teaching Vocational Agriculture in Multi-Teacher Units".

Attending from Medina County were John McAnelly from Hondo, John Bendele and Henry Moss from Devine, and Buck Schirmer of Castroville (Medina Valley High School).

Glenda Wilson honored

Glenda Wilson of Hondo was one of more than 375 students enrolled at Sul Ross University to qualify for the Dean's List for the spring semester.

Glenda's grade point average was 3.8 out of a possible 4 points. Dean's Lists qualifiers need an average of 3.0 or better. Only 156 of the Dean's List members had averages of 3.5 or better.

Miss Hondo pageant discussed

Preliminary discussions on the upcoming Miss Hondo contest were held Wednesday by Hondo Lions Club members and Jimmie Goodman of Beeville.

Little Leaguers meet defeat; so do Seniors

The Hondo-D'Hanis Little League All Stars and the Senior League All Stars representing Hondo-D'Hanis-Sabinal have both been eliminated from the post-season playoffs.

For the Little Leaguers, the end came at Junction on Friday night where, despite a two-hitter tossed by Richard Muniz, the Junction All Stars scored twice to shut out the locals.

One of those two hits given up was a solo home run by Dominguez of Junction; the other was a single by Castillo, who later scored.

For Hondo, hits were gathered by Alan Bohlen, Buddy Woolls (two hits), Rene Ramirez, and Mario Rodriguez. Twice, the All Stars had men on third

base, but no runs were scored.

Senior League

The Senior Leaguers tangled three times with Atascosa County in their double-elimination series, forcing the playoff to District Champion into a Saturday night seventh game.

Wednesday night in Hondo, the Atascosa boys put together eight runs in the first two innings, and had the locals shut out until the fourth inning. But Hondo-D'Hanis-Sabinal scored six runs in that inning to get back in the game. In that explosive inning, not a hit was gathered by the locals, but five walks and an error did the job. In fact, the Hondo-D'Hanis-Sabinal team did not have but one hit all night. The game ended as the locals were retired in order in the following inning of the five-inning game.

The following night, also at Hondo, the locals

defeated Devine 10-4. Leading hitter for the Hondo-based team was Jerry Lopez of D'Hanis, with two hits, followed by Raul Dominguez, Randall Hare, Tony Muniz, Raul Gomez, and Ronald Perez, with one each.

The second game against Atascosa County was played at Pleasanton Friday night. Here, the Hondo-D'Hanis-Sabinal All Stars bombed the home team 13-3 to force the series into a special seventh tie-breaking game.

The game was broken open in a big fifth inning attack which scored six runs.

Randall Hare was the winning pitcher, while Ronnie Rothe, Raul Dominguez, Randall Hare, Clay Braden and Ronald Perez led the hitters with two apiece.

The clincher was played in Hondo Saturday night. Holding a slim 1-0 lead going into the fourth inning, Pleasanton retired the Hondo team in the top of that inning (Hondo lost the toss for home team), and unleashed a five-run rally in the bottom half of the frame.

Hondo-D'Hanis-Sabi-

SENIOR LEAGUE ALL-STAR TEAM-This squad of Senior Little Leaguers, representing Hondo, D'Hanis, and Sabinal played Pleasanton into a seventh game of their playoff before bowing out of the post-season contest Saturday night. Shown left to right are [front row]: Garland Bader, Raul Dominguez, Ronnie Rothe, Chuck Van Pelt, Ramiro Perez, Tony Muniz and Jerry Lopez. Back Row: Manager Simon Arcos, Jerry Alvarez, Richard Garcia, Forrest Horecka, Raul Gomez, Randall Hare, Clay Braden, Tobin Tilley and Manager Sonny Schmidt.

nal returned fire with four runs in the fifth inning, as walks, passed balls, and a single by Tobin Tilley scored Ronnie Rothe, Ronald Perez, Chuck Van Pelt and Raul Dominguez to put the locals back in range. That inning ended at 9:58 p.m. just two minutes short of the official cutoff hour, so the game continued.

It was to no avail, though. Atascosa County scored another run, and though Forrest Horecka scored for Hondo-D'Hanis-Sabinal, the side was retired, and Pleasanton won the right to represent the district in further playoffs.

JAKE SCHUEHLE— HONDO, TEXAS

Campbell picks Owls to finish in third place

Things could be much worse for the Owls in '73, but things could be better, too, according to a report in the just-published Dave Campbell's "Texas Football" magazine.

The magazine, long a Bible among barber-shop coaches, picks Hondo third in District 28-AA behind Pearsall and Devine. Other district picks below Hondo are Medina Valley, Dilley, Cotulla, and Carrizo Springs, in that order.

DISTRICT 28-AA — Ever so close to the brass ring for two years in a row, PEARSALL thinks it has the grip to manage a state playoff berth this time, owning 7 offensive and 7 defensive holdovers

from a 7-3 team. End David Studdard (6-4, 210) was a two-way all-district gem last year and LB Victor Vinton will certainly be a 1973 all-league candidate. QB Pat McGeehee, HB Hank Carroll, end Rudy Trevino, tackle David Waldrum (240), guard Eddie Carrasco and center Chuck Carroll are aiming at high things, and tackle Chuck Johnson, LBs Biffie Morris and Eddie Russell and defensive backs Cayetano Leal and Jose Uretea intend to help. DEVINE reached the regional finals a year ago and figures 4 offensive and 3 defensive returnees from an 11-1 team still have some momentum going. Unusual abilities reside in tackle Rocky White (6-2, 210), and guard Billy Ricks and center-LB Walter McAllister swap blocks and tackles with the best. FB Paul Smith, WB Noel Pompa, TB Richard Ehlinger and QB Hal Thompson devour the yardage. Tackles David Ciavarra (6-1, 240), Mike Carter and Domingo Villarreal, end Robert Gonzales and LB Homer Hernandez help make title contention no idle dream. Skill people are outstanding among 4 offensive and 3 defensive starters who return from a 7-3 runnerup team at HONDO, with QB Brian Finger, FB Tony Hackbeil, WB Gene McAnelly and end Doug Helvey the glamour names. Pat Stein, Eddie Pope and Ted Mendoza are the line hubs, while Ray Garcia is an accomplished defensive back.

Other area players named to the All-Star roster are Randy Gerdes of Uvalde and Tommy Kramer of San Antonio's Robert E. Lee High School.

Coach of the South team will be Lee's John Ferrara.

Coaches go to school; Burrell will play in All-Star game

Hondo coaches will attend the Texas High School Coaching Association's Coaching School, to be held July 30 - August 3 in Dallas.

Among the attractions during the school will be Texas All-Star football and basketball games, which will be played during the week.

Spencer Burrell of D'Hanis High School will be playing in the All-Star football game on Thursday, August 2. The game, which will be played in Texas Stadium in Irving, will pit the North All-Stars against the South.

Burrell earned All-State honors in Class B during his senior year at D'Hanis

last season. He is the son of Mr. and Mrs. Otis Burrell of D'Hanis.

Summer recreation winds up

The Hondo Summer Recreation Program has been providing interesting activities for Hondo youth for five weeks now and will continue until the end of July.

Winners of the box hockey tournament (two weeks ago) were:

Boys (7-9 years) — 1st - Harley Wolff, 2nd - Henry Garza, 3rd - Ray Don Tilley; Girls (8-9 years) — 1st - Kim Gruber, 2nd - Libby Nations, 3rd - Iris Garcia.

Boys (10-12 years) — 1st, Wade Finger, 2nd - Johnny Alvarez, 3rd - Peter Pope; Girls (10-12 years) — 1st - Lori Ward, 2nd - Olga Nira, 3rd - Tina Pope.

Boys (13-15 years) — 1st - David Rangel, 2nd - Wayne Cox, 3rd - Albert Hernandez.

Winners of last week's ping pong tournament were:

Boys (7-9 years) — 1st - Ray Don Tilley, 2nd - Harley Wolff, 3rd - Danny Garcia; Girls (8-9 years) — 1st - Iris Garcia, 2nd - Kim Gruber, 3rd - Laura Carter.

Boys (10-12 years) — 1st - Frank Alvarez, 2nd - Ronnie Cortez, 3rd - David Weynand; Girls (10-12 years) — 1st - Cheryl Cox, 2nd - Debbie Marquis, 3rd - Alice Martinez.

Boys (13-15 years) — 1st - Jerry Alvarez, 2nd - David Rangel, 3rd - Albert Hernandez.

The first place winners of these tournaments receive a small trophy, and the second and third place winners are awarded certificates of achievement.

In the past weeks in the arts and crafts class many

items have been made. Lovely flowers were created from egg cartons and placed in flower boxes and vases which were also decorated. The participants also made decorative methods. Cloth collages, picture sandwiches, leaf printing and copper pictures are among the other art activities which have been featured in this class.

The Hondo Summer Recreation Program is sponsored by the City of Hondo and is a very good activity for Hondo youth. It is limited to young people who have at least completed their first year in school, since at this age, they are old enough to benefit from the types of recreational activities that are provided. Hours are from 8-11:30 at the Hondo High School Gym and surrounding outside area.

Leaders are Mr. and Mrs. James Bohls, Dale Duncan and Nelda Morin.

Last Friday two tournaments were held at the Summer Recreation Program. Winners of the Boys Horseshoe Tournament were:

7-9 years—1st, Glenn Schweers, 2nd Ray Don Tilley, 3rd Michael Mendoza; 10-12 years — 1st Ronnie Cortez, 2nd Gilbert Dominguez, 3rd Jerry Garcia; 13-15 years — 1st Richard Leyba, 2nd Jerry Gonzales, 3rd Albert Hernandez.

Winners of the Girls Washers Tournament were:

8-10 years — 1st Elma Molina, 2nd Diana Danemiller, 3rd Erlinda Escamilla; 11-14 years — 1st Alice Martinez, 2nd Nancy Lange, 3rd Ruth Rendon.

In the Arts & Crafts Class place mats were made in a variety of bright colors. Plaster plaques were made on which participants arranged dried flowers to make a garden bouquet. Various objects were also molded from clay.

This is the last week of the Summer Recreation Program. There will be a party and clean up day on the last day, Friday, July 27th.

The novice label is gone at COTULLA, for 9 offensive and 8 defensive starters are back from a 1-8-1 team. The defense looks especially durable, with such performers as linemen Juan Garza, Denicio Ramariez, Carl Jones and Bill Dove, while TB Rene Benavidez, QB Joe Casey and ends Vernon Brown, Rafael Garza, Mark Halvorson and Martin Kruger provide excellent offensive potential. Raul Maldonado and Rudy Garcia are stout secondary defenders.

Experience is plentiful at CARRIZO SPRINGS with 8 offensive and 8 defensive starters on hand from a 1-7-2 record. QB Elifonso Esquivel provides the leadership with strong support from HBs Arturo Juarez and Robert Martinez, FB Richard Ortiz and linemen Elias Esquivel, Mark Ayers, Billy John, Tony Ortiz and Bobby Keswick.
